CORE COMPETENCIES

HEALTHCARE DATA SYSTEMS

Epic EMR integration, HL7/FHIR data pipelines, MITA-compliant Medicaid architecture, and patient portal infrastructure — delivered at a leading national integrated healthcare system and California DHCS.

Epic • HL7/FHIR • MITA • .NET • Azure • SQL Server

COMPLIANCE & SECURITY ARCHITECTURE

HIPAA, HITRUST audits, 21st Century Cures Act, Section 508 ADA, and FedRAMP-architecture-aware deployment on AWS GovCloud and Azure Government. 13 years healthcare security leadership on staff.

HIPAA • HITRUST • FedRAMP • FISMA • AWS GovCloud

TELEHEALTH & PATIENT SCHEDULING

Enterprise appointment center — 100K+ daily users, 99.8% SLA. Full eVisit telehealth lifecycle. AI chatbot integration for self-service scheduling. VA, IHS, HHS rural health applicability.

Node.js • Cloud Foundry • Apigee • PHI-compliant • HL7

HEALTHCARE AI & DOCUMENT INTELLIGENCE

NLP, OCR, and ML pipelines purpose-built for healthcare data. 96% document processing accuracy. 60% labor reduction at state Medicaid agency. CAH and rural health AI infrastructure — now backed by a statewide AI master contract award.

Python • Spark • Kafka • Snowflake • Scikit-learn • Keras

KEY PERSONNEL — BY ROLE

CISO • SECURITY & COMPLIANCE

Healthcare security & audit lead

13 yrs healthcare security • HITRUST auditor, global health organization

CISA • CISM • CRISC • ISO 27001 LA • PIMS (GDPR)

SENIOR SOLUTION ARCHITECT

State Medicaid & .NET modernization

On-site delivery • CA DHCS MITA-compliant CFRS

CSM • .NET Core • Azure DevOps • HL7/FHIR • MITA

CEO / PRINCIPAL ARCHITECT

Cloud & healthcare IT technical authority

Epic HealthConnect • Cures Act delivery at a national health system

AWS-SAA • PHP • PGP AI/ML (UT McCombs)

PAST PERFORMANCE

CLIENT / PROJECT	KEY OUTCOMES	VALUE & PERIOD	RELEVANCE
PRIME STATE OF MONTANA Master AI Products & Services Contract (SPB26-0608GW-VSNBLX) AI PRODUCTS • AI SERVICES • STATEWIDE VEHICLE	Competitively awarded statewide master contract — both tracks, fully executed August 2026. One of 12 firms selected on both tracks from 68 offerors. AI software solutions for state government operations.	Through 2028 Fully executed Aug 2026	9/10 State DOH • Rural Health AI
LEADING NATIONAL INTEGRATED HEALTHCARE SYSTEM VCare Patient Portal Epic • HL7 • AEM • Pexip • SS0 • Cures Act	99.8% uptime SLA across 100K+ daily users. Zero downtime deployments. 5–10% annual growth in appointment volume. 21st Century Cures Act compliance in production.	\$1,200,000 2022–2023	10/10 VA • HHS • Epic RFPs
CALIFORNIA DHCS Cost & Finance Reporting System MITA • .NET • Azure DevOps • SQL Server • AI/OCR	Eliminated manual cost sheet errors statewide. Real-time cost reporting pipeline deployed. 96% OCR accuracy • 60% labor reduction via AI. MITA-compliant — direct CMS/HHS reference.	\$2,100,000 2021–2022	10/10 CMS • HRSA • State Medicaid
URGENT CARE PROVIDER Patient & Provider Portal HL7 ETL • Microservices • AWS S3 • PHI • Angular	End-to-end portal: demographics, scheduling, health records, billing, lab reports. HL7 ETL from underlying EMR. HL7/FHIR fluency — mandatory discriminator on federal HC RFPs.	TCV Pending 2023	9/10 IHS • HHS Digital
NATIONAL HEALTH INSURER Claims Processing at Scale AWS Batch • Lambda • Fargate • Spark • Spring Boot	Millions of medical claims processed daily via cloud-native serverless pipeline. Architecture directly analogous to CMS/Medicare claims and VA payment system modernization.	TCV Pending 2022	8/10 CMS • VA Payment

WHY VISIONBLOX

■ PROVEN AT SCALE 100K+ daily users. 99.8% SLA. Millions of claims/day. Production delivery — not pilot work.	■ SECURITY-FIRST STAFF HITRUST auditor on staff, with CISA, CISM, and CRISC credentials. 13 years of healthcare security leadership resident.	■ FEDERAL-ANALOG PAST PERFORMANCE A leading national health system, California DHCS, a national health insurer, and the State of Montana. MITA-compliant, CMS-adjacent architecture with direct references for VA, HHS, and HRSA evaluations.
---	---	---

“Healthcare data is not a product problem. It is a systems problem. We solve the systems.”
