

AI-POWERED FEDERAL SOLUTIONS

Healthcare IT • Cloud • AI/ML

CAGE 9Z4X2 UEI H4X2Z7R9E3E3

Visionblox LLC is a San Jose, CA-based minority-owned small business systems integrator delivering healthcare IT, AI/ML, cloud, and enterprise modernization services to Federal and SLED clients. Our team brings **100+ years** of combined experience and **50+ implementations** across integrated health systems, state Medicaid agencies, and national insurers — with quantified, production-scale outcomes on every engagement.

CORE COMPETENCIES

Healthcare IT & Interoperability

EHR/EMR integration (Epic), HL7 v2/FHIR APIs, 21st Century Cures Act compliance, patient portals, telehealth, Medicaid modernization (MITA-compliant).

AI/ML & Document Intelligence

Intelligent document processing, OCR/NLP pipelines at 96% accuracy, predictive analytics, AI-assisted workflow automation delivering 60% labor reduction.

Cloud & Custom Development

Cloud-native development on AWS (Batch, Lambda, EMR), microservices, serverless ETL, PHI-secure architectures, DevSecOps, legacy modernization.

Enterprise SAP S/4HANA

ERP modernization and migration, S/4HANA implementation and integration for large-scale enterprise operations, \$2M+ annual savings delivered.

Cybersecurity & Compliance

HIPAA/PHI security engineering, HITRUST-aligned controls, secure SDLC, healthcare data protection across cloud and hybrid environments.

Data Engineering & Analytics

High-volume claims and clinical data pipelines processing millions of daily transactions, business intelligence, real-time dashboards.

PAST PERFORMANCE

PROJECT	OUTCOME	VALUE
PRIME State of Montana — Master AI Products & Services Contract (SPB26-0608GW-VSNBLX)	Competitively awarded statewide master contract — both tracks, executed Aug 2026. AI software solutions for state government operations.	Through 2028 Cooperative • nationwide
Patient Portal & EHR Integration — Leading National Integrated Healthcare System	Epic/HL7 & Cures Act integration; patient portal serving 100K+ daily users at 99.8% SLA	~\$1.2M
